# Teamwork Marketing - Front-end Assessment

Part of our day-to-day job is to build reusable components and sections for the website; please see the design on the link below and implement it in code.

You have four days to complete the assessment and send the GitHub repository; It can either be public or private (shared with netoramalho user).

If you have any questions, reach out via email at netto.ramalho@teamwork.com.

Design
https://www.figma.com/file/CBAU9HjUgYpupwbDL8MoYG/Teamwork-Marketing---Front-end-assessment?type=design&node-id=2%3A217&mode=design&t=S4wBd9iAgCmWqSwN-1

Stack
- Nuxt 2
- Sass

Copy
The endpoint below returns a JSON with all the information required for building this section. https://eoyge3duj7xtdqd.m.pipedream.net

Evaluation
- **Layout fidelity**
  Does it look like the layout? Spacing, colors, font, positions, etc.
- **Responsiveness**
  Does it look well from mobile to desktop?
- **Coding Best Practices**
  Does it follow Clean Code principles and coding conventions?

- **Performance**
  Does it follow Core Web Vital's best practices? How does it score on Lighthouse?
- **Accessibility**
  Is it accessible to people with disabilities? E.g., Can the user navigate only with the keyboard?

Please note
Any work submitted through this process will never be shared publicly or brought forward for use in production.
